★★★★★ 5.0 | "Best cleaning service in Halifax" -- Google Review

STARTING AT  
**\$349**

- BBB A-RATED
- LICENSED #4615849
- ECO-FRIENDLY PRODUCTS
- 100% SATISFACTION GUARANTEE

## Is your ducted system losing efficiency or blowing dust?

Your ducted heat pump's evaporator coil and blower collect years of dust, pet dander, and microbial growth that restrict airflow and drive up energy costs. Most homeowners never see the buildup inside the air handler. A professional deep clean restores peak efficiency and improves the air quality throughout your entire home.

### WHAT'S INCLUDED

## Complete Deep Clean Service

- 1 Evaporator Coil Deep Clean**  
Coil stripped, foamed, and rinsed to restore full heat transfer
- 2 Blower Assembly Cleaning**  
Fan wheel and housing cleaned for maximum airflow
- 3 Drain Pan Sanitation**  
Condensate pan and drain line flushed to prevent clogs and mould
- 4 Filter Replacement**  
New filter supplied and installed (included in service)
- 5 Electrical Inspection**  
Wiring, contactors, and capacitors checked for safety
- 6 Performance Test**  
Thermostat calibration and heating/cooling cycle verification
